Section 3. Number, Appointment & Resignation.

(a) The initial Board of Directors shall consist of four members as set forth in the Articles of Incorporation. For each succeeding period, this Corporation shall have not less than five (5) but not more than nine (9) Directors. The number of Directors of the Corporation shall be fixed from time to time, within any limits set forth in the Articles of Incorporation, by resolution of the Board of Directors. Any decrease in the number of Directors shall not shorten the term of an incumbent Director. Directors shall be appointed annually by the Member. Each Director appointed shall hold office until his or her successor is duly appointed and qualified or until his or her resignation or removal. In the absence of an express determination by the Board, the number of Directors, until changed by the Board, shall be the number of Directors appointed by the Member during the preceding annual period.

(b) A Director may resign at any time by delivering written notice to the Corporation. The resignation shall be effective upon receipt, unless the notice specifies a later effective date. If the resignation is effective at a later date and the Corporation accepts the future effective date, the Member may fill the pending vacancy, pursuant to Article III, Section 4 below, effective at the effective time of the resignation.

Section 4. Vacancies. Any vacancy occurring in the Board of Directors, including a vacancy created by an increase in the number of Directors, may be filled by appointment by the Member. A Director appointed to fill a vacancy shall hold office for the unexpired term of his or her predecessor in office. Section 5. **Removal of Directors.** A Director may be removed by the Member with or without cause.

Section 6. **Quorum and Voting.** A majority of the number of Directors fixed by or in accordance with these Bylaws shall constitute a quorum for the transaction of business at any meeting of Directors. If a quorum is present when a vote is taken, the affirmative vote of a majority of the Directors present shall be the act of the Board of Directors.

Section 7. **Deemed Assent.** A Director who is present at a meeting of the Board of Directors or a committee of the Board of Directors when corporate action is taken is deemed to have assented to the action taken unless (i) the Director objects at the beginning of the meeting (or promptly upon his arrival) to the holding of the meeting or transacting specified business at the meeting, or (ii) the Director votes against or abstains from the action taken.

Section 8. **Meetings.**

(a) Regular and special meetings of the Board of Directors shall be held at the principal place of business of the Corporation or at any other place, within or without the State of Florida, designated by the President. Meetings of the Board of Directors may be called by any member of the Board of Directors or by the President. A majority of the Directors present, regardless whether a quorum exists, may adjourn any meeting of the Board of Directors to another time and place. Notice of an adjourned meeting shall be given to the Directors who were not present at the time of the adjournment and, unless the time and place of the adjourned meeting are announced at the time of the adjournment, to the Directors who were present.

(b) Members of the Board of Directors may participate in a meeting of the Board by means of a telephone conference or similar communications equipment through which all persons participating may simultaneously hear each other during the meeting; participation by these means constitutes presence in person at the meeting.

Section 10. **Waiver of Notice.** Notice of a meeting of the Board of Directors need not be given to a Director who signs a waiver of notice either before or after the meeting. Attendance of a Director at a meeting shall constitute a waiver of notice of that meeting and a waiver of any and all objections to the place of the meeting, the time of the meeting and the manner in which it has been called or convened, except when a Director states, at the beginning of the meeting or promptly upon arrival at the meeting, any objection to the transaction of business because the
meeting is not lawfully called or convened. The waiver of notice need not describe either the business to be transacted at or the purpose of the meeting.

Section 11. Director Action Without a Meeting. Any action required or permitted to be taken at a meeting of the Board of Directors may be taken without a meeting if the action is taken by the written consent of all members of the Board of Directors. The action must be evidenced by one or more written consents describing the action to be taken and signed by each Director, which consent(s) shall be filed in the minutes of the proceedings of the Board. The action taken shall be deemed effective when the last Director signs the consent, unless the consent specifies otherwise.

legislation (but, with respect to future legislation, only to the extent that it provides conditions
less burdensome than those previously provided).

Section 3. Savings Clause. If this Article or any portion of it is invalidated on any ground by a
