The policy must be updated annually with the Federal Poverty Guidelines.

**ATTACHMENT**

CHS-003-012 Healthcare for the Homeless Financial Assistance Program/Discounted Sliding Fee Policy
CHS-003-012 Healthcare for the Homeless Financial Assistance Program/Discounted Sliding Fee Policy

Purpose

To define the discounted/sliding fee schedule utilized by Broward Health's Healthcare for the Homeless (HCH) Program. HCH provides comprehensive medical and dental services to homeless individuals and families as well as those who are poverty stricken, uninsured, and underinsured. HCH offers discounts on the clinic's fee schedule for self-pay patients who fall 200% below the prevailing Federal Poverty Guidelines (FPG) based on the patient/family's income.

I. Policy

The North Broward Hospital District, d.b.a. Broward Health, HCH program, has a system in place to determine eligibility for patient discounts adjusted on the basis of the patient's ability to pay. A discounted/sliding fee schedule is used to ensure that no one who is unable to pay will be denied access to services. The criteria used in the discounted/sliding fee schedule is based upon a percentage of the most current FPG as issued by the Department of Health and Human Services and published in the Federal Register. Based on this discounted/sliding fee schedule, Broward Health will provide a full discount to individuals and families with annual incomes at or below 100% of the FPG (only nominal fees may be charged). Therefore, those with incomes between 100% and 200% of the FPG, must be charged fees in accordance with a sliding discount fee schedule based on family size and income (see attachment).

Financial counselors are available to assist patients. Broward Health does not discriminate against a patient because of race, creed, color, national origin, sex, age, or religion. Broward Health provides a financial assistance program to defray the costs of medically necessary services for those homeless patients who reside in or are visitors in Broward County. Broward Health Community Health Services is responsible for posting appropriate signage in a prominent place in all registration areas at each facility in English, Creole, and Spanish, advising that financial assistance is available for services rendered or to be rendered.

Broward Health will accept an application for financial assistance from any person. Each application will require a signature from the applicant, or responsible party attesting to the truthfulness and accuracy of the information provided on the application. Any person found to be intentionally providing fraudulent information will have the application denied without reconsideration.

Broward Health Homeless financial assistance applicants will be required to notify an appropriate
representative of Broward Health in the event that their income circumstances change during the effective period of the financial assistance approval. Each financial assistance application will serve to determine eligibility for all uninsured household family members listed within the application.

Procedure

II. **HCH will utilize a Discount Sliding Fee Schedule at all HRSA approved Scope of Project sites for both the medical and dental clinics (Attachment 1).**

III. **HCH staff members will ensure that all patients are informed and made aware of the Discount Sliding Fee Schedule program.**

   A. As part of the registration process, the front office staff shall explain the Discount Sliding Fee Schedule program to all patients. Staff will inform the patient how the program can help, as well as assist the patient with completing the application form, if needed.
   
   B. The Discount Sliding Fee Schedule application is updated every 12 months.
   
   C. Confidentiality shall be maintained in accordance with the Health Insurance Portability and Accountability Act (HIPAA) of 1996.
   
   D. The front desk staff verifies all patients’ insurance eligibility for each encounter. If the patient receives benefits, a claim will be filed for third party reimbursement for services rendered.
   
   E. Insured patients who qualify may participate in the Discount Sliding Fee program and will be charged the lesser of the patient liability for the visit or the amount that the patient would have been charged as an uninsured sliding fee patient.

IV. **Eligibility: Sliding Fee Schedule discounts will be based on family size and income only.**

   HCH uses the Census Bureau definitions for Family and Income, which are as follows:

   A. **Family is defined as:** a group of two people or more (one of whom is the householder) related by birth, marriage, or adoption and residing together; all such people (including related subfamily members) are considered as members of one family.
   
   B. **Income is defined as:** earnings, unemployment compensation, workers' compensation, Social Security, Supplemental Security Income, public assistance, veterans' payments, survivor benefits, pension or retirement income, interest, dividends, rents, royalties, income from estates, trusts, educational assistance, alimony, child support, assistance from outside the household, and other miscellaneous sources. Noncash benefits (such as food stamps and housing subsidies) do not count.
   
   C. **Adjusted Gross Income (AGI):** Gross income minus adjustments to income
   
   D. **Adolescents** seeking confidential services do not require income verification.
   
   E. Review the discount application with the patient to verify the information obtained is correct, then calculate and determine the patient's discount level.

V. **APPLICATION PROCESS:**

   **Verification of family size and income is as follows:**

   A. Driver’s License or Picture Identification (ID) Card
   
   B. Birth Certificate
   
   C. Marriage License
   
   D. Voter Registration Card
E. Recent check stub, W-2 Form, or a letter from their employer (on company letterhead) stating the patient's annual income.

F. Documentation from the Unemployment Office.

G. Recent Utility (or gas, water, or telephone) Bill

H. Referral letter from a Homeless Shelter or Social Service agency.

I. Rejection letters from Medicaid or other programs required for eligibility.

   If the patient is unable to provide proof of verification at the time of service, request that the patient notify the clinic as soon as documentation is received. No one is refused services because of lack of verifying documentation.

   **Applying the Sliding Fee Discount:** The discount is applied at the time of service.

VI. **Collecting a Nominal Fee:** The sliding fee schedule charges are intended to mitigate financial access barriers to care.

   A. If a patient has insurance coverage, HCH will file a claim for third party reimbursement. Fees are waived for medical patients who fall at or below 100% of the FPG-Level.

   Any patient that falls 101% to 199% of the FPG-Levels will have a nominal charge at the time of service. See the Discount Sliding Fee Schedule for charges.

   Dental charges are based upon the different groupings of services (such as preventive and extensive dental) and shall not vary for each procedure. See the differing nominal visit fees on the Discount Sliding Fee Schedule.

   If the patient falls 200% or above the FPG-Level F, there is no discount, they must pay 100% of the standard fee schedule.

   1. If the patient is unable to pay at the time of service, a payment plan can be arranged and set-up by the Business Office. No one is refused services because of a lack of financial means to pay for services provide by all HCH sites.

   B. Process the patient's full or partial payment received and note the amount in the patient's record.

   Once the payment is posted to the patient's account, provide the patient with a receipt.

   If the patient is unable to pay the nominal fee at the time of service, a payment plan can be arranged and set-up by the PBO Customer Service Representatives. No one is refused services because of a lack of financial means to pay for services provided by all HCH sites.

   **Waiving of Charges:** In certain situations, patients may not be able to pay the nominal fee. Waiving charges must be approved by the HCH Program Director or Business Office Coordinator (see policy: CHS-003-013). Any waiving of charges must be documented in the patient's record along with an explanation (example ability to pay, goodwill, health promotion event).

   **Refusal to Pay:** If a patient verbally expresses an unwillingness to pay or vacates the premises without paying for services, the patient will be contacted in writing regarding their payment obligations. If the patient does not make effort to pay or fails to respond within 60 days, this constitutes refusal to pay. At this point, Broward Health will waive the fee and document the explanation as refusal to pay. Broward Health will not initiate Extraordinary Collections Actions for patients in the Healthcare for the Homeless Program.

VII. **To remain consistent with the FPG,** as issued by the Department of Health and Human Services and published in the Federal Register, the Discounted Sliding Fee Schedule is reviewed and revised by Broward Health Finance annually.

   A. **APPROVAL:** Once an application is approved for the HCH Discount Sliding Fee assistance, the approved application is valid for twelve (12) months from the date of service established by the HCH
B. LEVELS OF AUTHORITY FOR APPROVALS:

1. All completed applications, including all required supporting documentation, which fall within the FPG will be approved by a Homeless representative once verified.

2. Any incomplete or questionable applications, where eligibility cannot be fully verified based on the documentation provided, must be reviewed by the HCH Program Director or designee for determination.

MEMORANDUM

TO: Board of Commissioners
FROM: Gino Santorio, President/CEO BH
DATE: June 24, 2020
SUBJECT: Authorize Scope Adjustment Request to make minor modification to scope of project in HRSA Electronic Hand Book (EHB) allowing Healthcare for the Homeless to employ a full-time (40 hours per week) Outreach Worker to provide Outreach Services.

BACKGROUND

The Healthcare for the Homeless (HCH) Program provides primary and urgent medical care, diagnostic exams/screenings, behavioral health counseling, vision care, prophylaxis, emergency oral health services and non-clinical outreach services to individuals who are experiencing homelessness in Broward County. Outreach Workers interview clients at multiple street locations throughout Broward County to determine health care and mental health needs and provide them with information about where to access services. Outreach Services were provided 40 hours per week through a subservient agreement with Broward House, Inc., by two former homeless individuals. That subservient agreement no longer exists.

ACTION/PROJECT DESCRIPTION

The scope of the Healthcare for the Homeless Project, under grant number H80CS00019, includes Outreach Services. Healthcare for the Homeless is seeking approval to make minor modification to scope of project in HRSA Electronic Hand Book (EHB). The Scope Adjustment Request will allow Healthcare for the Homeless to employ a full-time (40 hours per week) Outreach Worker to provide Outreach Services.

FINANCIAL/BUDGETARY IMPACT

The budgeted amount for the contract with Broward House is $74,929. It is anticipated that the annual salary for the outreach worker will be $38,000 - $45,000 per year.
JUSTIFICATION

The HCH Program is federally funded by the Health Resources and Services Administration (HRSA) under grant number H80CS00019. Per Section 330(k)(3)(H) of the PHS Act; 42 CFR 51c.303(i), 42 CFR 56.303(i), 42 CFR 51c.304(d), and 42 CFR 56.304(d); and 45 CFR 75.507(b)(2), the health center governing board must adopt health care policies, including the Scope and availability of services to be provided, and decisions to subaward or contract for a substantial portion of the services. The health center’s governing board must approve Change-in-Scope (CIS) requests prior to submission to HRSA. CIS approvals must be documented in board minutes which must be made available to HRSA upon request.

STAFF RECOMMENDATION

Therefore, it is requested that the Board of Commissioners of the North Broward Hospital District authorize the District Authorize Scope Adjustment Request to make minor modification to scope of project in HRSA Electronic Hand Book (EHB) allowing Healthcare for the Homeless to employ a full-time (40 hours per week) Outreach Worker to provide direct Outreach Services.

(c) Nothing herein shall prohibit a prospective Bidder from contacting the Bids Department of Supply Chain Services to address situations such as clarification and/or questions related to the Procurement process as outlined in the formal Solicitation documents.

(4) Award, Cancellation, or Rejection of Selection

(a) No award shall be final, and no Contract shall be created or deemed to exist until such time as a written Contract has been executed by the selected Vendor and the District.

i. After the Contract award is made, the District and the selected Bidder will enter into a Contract incorporating the requirements of the applicable Procurement Solicitation and with other terms acceptable to the District. The District shall negotiate the terms and conditions of a Contract (and incorporate provisions acceptable to the District) with any firm or individual selected to provide Professional Design Services, Construction services, or electrical work. The District has the right to rescind the Contract award to the selected Bidder if the District and the selected Bidder do not agree upon the Contract terms. The District further reserves the right to reject a Bidder, even a Bidder or Vendor awarded the Contract, at any time prior to full Contract execution.

ii. For Professional Design Services Contracts:

- The compensation negotiated with the selected firm or individual shall be fair, competitive, and reasonable. In making such determination, the District shall conduct a detailed analysis of the cost of the Professional Design Services required in addition to considering their scope and complexity.

- Any lump-sum or cost-plus-a-fixed-fee Professional Design Services Contract over $195,000, shall require the firm or individual receiving the award to execute a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of Contracting. Any Professional Design Services Contract under which such a certificate is required must contain a provision that the original Contract price and any additions thereto will be adjusted to exclude any significant sums by which the District determines the Contract price was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such Contract adjustments must be made within one (1) year following the end of the Contract.

- Should the District be unable to negotiate a satisfactory Contract with the firm considered to be the most qualified at a price the District determines to be fair, competitive, and reasonable, negotiations with that firm must be formally terminated. The District shall then undertake negotiations with the
second most qualified firm. Failing accord with the second most qualified firm, the District must terminate negotiations. The District shall then undertake negotiations with the third most qualified firm. Should the District be unable to negotiate a satisfactory Contract with any of the selected firms, the District shall select additional firms in the order of their competence and qualifications and continue negotiations in accordance with the requirements herein until an agreement is reached.

- In the event the District is going to reuse existing plans from a prior Professional Design Services project, if the original public advertisement contained the statement that provided that the plans are subject to reuse in accordance with the provisions of § 287.055(10), F.S. and the proper public advertisement and selection procedures were utilized, then no further public notice is required and the District does not need to redo the Selection Procedures as provided above.

(b) At any time prior to final award and Contract execution, a Solicitation or Contract award may be cancelled or rescinded, or any or all responses received by the District may be rejected by the Chief Construction Officer and/or the SVP, Operations, in whole or in part, when it is determined that such action is in the best interests of the District.

(c) In the event of delay, cancellation, or rejection, a written notice of delay, cancellation or rejection shall be posted or sent to all persons who submitted a response to a Solicitation.

(d) If all Solicitations are rejected or a Solicitation is cancelled, all Solicitation submittals received may remain confidential, at the discretion of the District, in accordance with chapter 119, Florida Statutes.

(5) Emergency Procurements

(a) The Chief Procurement Officer and/or SVP, Operations may make or authorize others to make emergency Procurements of construction and/or construction-related design services, when a threat to public health, welfare, or safety exists, or a situation exists which makes compliance with source selection methods contrary to public interest; provided that such emergency Procurements shall be made with such competition as is practicable under the circumstances.

(b) In the event an official state of emergency has been declared, the President/CEO is expressly authorized to execute Contracts with the State of Florida, Federal Emergency Management Agency (FEMA), and/or other applicable emergency relief entities on behalf of the District in order to accomplish all necessary relief efforts, provided that the requirements of this section have been met.

(6) Bid Security and Contract Performance Bonds

(a) Bid Security: The District may require bid security for Solicitations for construction, goods, or service Contracts as the Chief Procurement Officer and/or SVP, Operations deems appropriate in the best interests of the District, in such form and content as is satisfactory to the Chief Procurement Officer and/or SVP, Operations.

(c) In accordance with section 255.05, Florida Statutes, Contractors who are awarded a Contract for the construction of a public building, for the prosecution and completion of a public work, or for repairs upon a public building or public work must, before commencing the work or before recommencing the work after a default or abandonment, execute and furnish a performance and payment bond as a security for faithful performance on contracts over $200,000. Contracts of less than $200,000 but more than $100,000 may require a payment and performance bond at the discretion of the District. Contracts of less than $100,000 do not require a payment and performance bond. When required, surety of such bond shall be in an amount equal to the Contract. Performance and payment bonds must be recorded in the county in which the work is to take place. Bonds will be accepted only from bonding companies licensed to do business in the State of Florida.

(d) Any bond required for any construction, goods, or service Contracts—whether required under law or required in the discretion of the District—shall conform to the minimum standards and requirements as set forth in chapter 255 and section 255.05(1)(a), Florida Statutes, and be in a form and with terms acceptable to the District.

(e) In no event shall any person, entity, or Contractor be required to secure a surety bond from a specific agent or bonding company for construction or repairs of public buildings.

(f) In lieu of the bond required by this Policy and section 255.05, Florida Statutes, a Contractor may file with the District, in the sole discretion of the District, an alternative form of security in the form of cash, a money order, a certified check, a cashier’s check, an irrevocable letter of credit, or a security of a type listed in part II of chapter 625, Florida Statutes. Any such alternative form of security shall be for the same purpose and be subject to the same conditions as those applicable to the bond required by this Policy and section 255.05, Florida Statutes. The determination of the value of an alternative form of security shall be made by the Chief Procurement Officer and/or SVP, Operations.

(7) **Determination of Lowest Responsive and Responsible Bidder**

When a Procurement involves the determination of the lowest responsible and responsive Bidder or proposer, in addition to price, the District shall have the discretionary power to render decisions on and may accept or reject Bids or Proposals on the basis of any one or more of the following:

(a) The ability, capacity, skill and sufficiency of resources of the Bidder to perform the Contract and provide the requested service;

(b) The Bidder's ability to perform the Contract within the time specified;

(c) The character, honesty, integrity, reputation, judgment, experience and efficiency of the Bidder;
(d) The quality of performance and conduct of the Bidder on previous Contracts with the District or any other reference or party that the Bidder has performed work or services;

(e) The Bidder’s propensity to request change orders based on Bidder’s conduct under previous Contracts with the District;

(f) The Bidder’s previous failure to meet specified substantial completion dates or other milestone dates on previous Contracts with the District;

(g) A Bidder’s current workload and projected workload during the performance of the Contract; and/or

(h) Any other circumstances or factors deemed in the best interest of the District as determined by District discretion.

The above factors may be determined by Bidder’s past performance with the District, information obtained from other project owners, information submitted as part of the Bid or Proposal or in response to an inquiry by the District, and/or information otherwise known or discovered by the District. The District may conduct detailed inquiries and examinations of Bidders, including of Bidders’ personnel, place of business and facilities, compliance with federal, state, and local laws and all relevant licensing and permitting requirements, and other matters of responsibility germane to the Procurement process. Failure to respond or to provide adequate information in response to the District’s inquiry in this regard shall be grounds for disqualification in the sole discretion of the District.
