Our Mission

To provide quality healthcare to the people we serve and support the needs of all physicians and employees.
Welcome to Broward Health, one of the nation's 10 largest safety-net healthcare systems. Our team of caregivers is dedicated to providing personalized care for you and your entire family. For more than 80 years, Broward Health has been improving the health and well-being of our community through medical innovations, groundbreaking clinical trials, state-of-the-art technologies, and academic medicine. With more than 30 locations throughout Broward County, we look forward to caring for you and your loved ones in a supportive and healing environment.

Shane Strum
President/Chief Executive Officer, Broward Health
Our Locations

1600 S. Andrews Avenue, Fort Lauderdale
Broward Health Medical Center in Fort Lauderdale has been a respected leader in healthcare since its founding in 1938. As Broward Health’s flagship hospital, Broward Health Medical Center offers 716 beds and is home to virtually every medical specialty, including cardiac care, maternity, neonatology, pediatrics and comprehensive stroke care. Additional services include cancer care, kidney and lung transplant, orthopaedics, palliative care, robotics, sickle cell, surgical weight loss, a Level I trauma center and an on-site fitness center.
Broward Health North

in Deerfield Beach is a 409-bed hospital that provides a full continuum of care to residents in northern Broward County. Services include a comprehensive stroke center, an adult Level II trauma center, a neurological institute, a joint replacement center, cardiovascular services, a rehabilitation institute, as well as general, vascular, endovascular and neurosurgery. Recently completed capital improvement projects included a modern 36,000-square-foot emergency department that features 53 all-private rooms and three dedicated trauma bays, six new operating rooms, and renovations to the hospital’s entrances and lobbies.
Broward Health Imperial Point in Fort Lauderdale is a 204-bed hospital dedicated to providing advanced, high-quality healthcare services to the community. With a focus on personalized care, the hospital offers many specialties, including bariatrics services, a behavioral health unit, advanced cardiac care, including interventional cardiology and heart failure treatments, primary stroke care, senior care, total joint procedures, urology care, wound care and hyperbaric medicine, and robotic surgery.
3000 Coral Hills Drive, Coral Springs
Broward Health Coral Springs is a 250-bed community hospital providing comprehensive, medical and surgical services since 1987. Located in the heart of Coral Springs, the hospital features more than 50 medical specialties and is a leader in addressing the healthcare needs of residents in northwest Broward County. Services include robotic surgery, cardiac care, maternity and women's services, primary stroke care, neonatal intensive care, pediatrics, including children's emergency services, a colorectal center, a heartburn center, a sleep disorder center, surgical weight loss, as well as wound care.

Children's Hospital
Broward Health®

1600 S. Andrews Avenue, Fort Lauderdale • 3000 Coral Hills Drive, Coral Springs
Salah Foundation

Children’s Hospital

is located on the campuses of both Broward Health Medical Center and Broward Health Coral Springs, providing family-centered care for newborns, infants, children and youth. The hospital features a dedicated emergency department and specially trained pediatricians and pediatric nurses dedicated to serving the individual needs of children and their families.
CARDIAC CARE
Broward Health offers comprehensive cardiac care throughout the system, including Mitraclip, cardiac catheterizations, a chest pain center, a heart failure program, hybrid operating rooms, biplane suites, cardiopulmonary rehabilitation, and wellness and prevention programs. Additionally, Broward Health Medical Center is the first hospital in Broward County to offer the WATCHMAN Implant, a permanent implant designed to close the left atrial appendage in the heart in an effort to reduce the risk of stroke.

COMPREHENSIVE CANCER CENTERS
The Comprehensive Cancer Centers at Broward Health Medical Center and Broward Health North offer access to a wide array of clinical trials, research and leading cancer specialists, as well as innovative diagnostic and treatment methods. Support services are available for patients and families.
EMERGENCY AND URGENT CARE

All four Broward Health hospitals offer 24-hour emergency departments, staffed by multidisciplinary teams of caregivers prepared to provide timely and comprehensive care.

With locations in Plantation, Coral Springs, Fort Lauderdale and Weston, Broward Health’s urgent care centers provide convenient care for minor injuries and illnesses, as well as vision testing, immunizations and physicals.
TRAUMA CENTERS
There are only 24 trauma centers across Florida and Broward Health offers three, with locations at Broward Health Medical Center, Broward Health North and Salah Foundation Children’s Hospital at Broward Health Medical Center.

The Level I trauma center at Broward Health Medical Center offers the highest level of care for the most severe, life-threatening injuries in adults and children. The trauma center at the children’s hospital is a designated Level I pediatric trauma center, one of only two in Broward County. Broward Health’s trauma centers work closely with local Emergency Medical Services, providing seamless care and utilizing the MEDEVAC helicopter to aid seriously injured patients from remote areas.
INTERNATIONAL HEALTHCARE
With a comprehensive healthcare network and nearly 1,700 affiliated physicians, Broward Health offers international patients and their families access to high-quality treatments and personalized, compassionate care. Services range from travel assistance to multilingual translation and coordination of care.

ORTHOPAEDIC SERVICES AND SPORTS MEDICINE
As a leading provider of orthopaedic services, Broward Health performs more joint replacements than any other hospital system in Broward County. Broward Health North is the first hospital in Broward County to be Joint Commission-certified in hip and knee replacements.
“Broward Health Helped Me Get Back in the Game.”

- Jim, Orthopedic Patient
“I Survived a Stroke and I Feel Great.”
- Lynn-sah, Neurology Patient
NEUROLOGICAL SERVICES
Broward Health offers high-quality care for the treatment of stroke, brain or spine injuries, and other neurological disorders. Rapid response teams comprised of neurologists, neurosurgeons and skilled nurses provide comprehensive, individualized medical care, and are specially trained in treating diseases and disorders of the nervous system.

ROBOTIC SURGERY
Minimally invasive robotic surgery is available at all four Broward Health hospitals. Specializing in bariatric, colorectal, general, gynecological and urological surgery, this advanced technology offers surgeons greater precision, flexibility, and control. Benefits for patients may include fewer complications, less pain and scarring, and shorter recovery time. Broward Health Medical Center is accredited as a Center of Excellence in Robotic Surgery.
WOMEN’S AND MATERNITY SERVICES
Broward Health offers high-quality, compassionate care for women of all ages, at every life stage. Comprehensive services offered throughout the system include gynecological services, obstetrics, digital mammograms, clinical breast exams, health and wellness classes and more.
Expectant mothers and their families can enjoy private, modern accommodations at Broward Health Medical Center and Broward Health Coral Springs, including newly renovated neonatal intensive care units providing a higher level of care for premature and critically ill infants. Both hospitals provide highly specialized care to assist families every step of the way during the birthing process and beyond.
Our Commitment to the Community

Broward Health’s commitment to improving the health of the people of Broward County and beyond is shown through an emphasis on wellness education and disease prevention. Our system offers a wide variety of outreach programs to serve the healthcare needs of a diverse community.
**BROWARD HEALTH PHYSICIAN GROUP**
is a multi-specialty consortium with more than 120 employed physicians that provides high-quality healthcare to the residents of Broward County and its surrounding areas.

**CHILDREN’S DIAGNOSTIC & TREATMENT CENTER**
is a nationally recognized Patient Centered Medical Home (PCMH) providing early intervention services, pediatric primary and dental care, HIV specialty care, and healthcare coordination for more than 11,000 children and families with special healthcare needs.

**BROWARD HEALTH GRADUATE MEDICAL EDUCATION**
provides a clinical learning environment designed to provide residents and fellows with the knowledge, skills, and values they need to provide competent and compassionate patient care.
**BROWARD HEALTH FOUNDATION**
is a 501(C)(3) nonprofit organization dedicated to improving the health of our community by providing resources to promote, support and enhance the programs and initiatives of Broward Health.

**BROWARD HEALTH COMMUNITY HEALTH SERVICES**
is a network of community based health centers that serve as a medical home for Broward County residents that are low-income and without health coverage. Services include primary care, prenatal and pediatric care, behavioral health and wellness, and dental care for people living with chronic health conditions, such as HIV.
