

MOBILIZE to IMMUNIZE

FREE IMMUNIZATIONS FOR KIDS*

Obtaining a school physical and immunizing your child is one of the best things you can do to safeguard their health. Immunizations prevent dangerous, sometimes life-threatening diseases such as:

Chickenpox

HPV

Mumps

Polio

Diphtheria

IVP

Pertussis

Rubella

Hepatitis A

Measles

(whooping cough)

Tetanus

Hepatitis B

Meningitis

Pneumonia

School Physicals \$30

Look on the back of this card for locations and dates.

BROWARD HEALTH®

*Free immunizations are designated for uninsured children (4-18 years old) only. Parent or legal guardian must be present and have child's current immunization record. Bring form 680. Insured children should see their assigned pediatrician to update their immunization record.
