SUBJECT: Approve Change in Scope (CIS) Request for the Health Care for the Homeless (HCH) Program.

BACKGROUND

Broward Health’s Healthcare for the Homeless Program (HCH) has been providing services to the homeless of Broward County since 1993. The HCH Program provides a wide array of medical, behavioral health, and other health care-related services to individuals who meet the HRSA definition of homelessness and are considered eligible to receive these services under the HCH grant. The HCH Program is federally funded under the U.S. Department of Health and Human Services through the Health Resources and Services Administration Bureau of Primary Health Care Division, and must adhere to specific 330 health center program requirements of the Public Health Service Act. Currently, five (5) of Broward Health’s Community Health Services (CHS) locations are HRSA-approved service sites listed under the HCH Program’s scope of project to serve the homeless and three (3) CHS locations where the homeless may also access for health care are not listed as service sites. By adding these sites to the scope of project, homeless individuals, as well as other uninsured or under-insured residents of Broward County, will be eligible to receive needed medications free, or at discounted prices.

ACTION/PROJECT DESCRIPTION

The HCH Program is seeking approval to submit a CIS request to Health Resources and Services Administration (HRSA) to add the following three (3) service sites to the HCH Program’s approved scope of project: Lauderdale Lakes Health Center, Margate Health Center, and Clinica de las Americas.

FINANCIAL/BUDGETARY IMPACT

There are no financial or budgetary impacts associated with this request.
JUSTIFICATION

In accordance with 45 CFR 75.308(c)(1)(i), health centers must request prior approval from HRSA for a “Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).” This prior approval requirement applies to the addition, deletion, or replacement of a service site. These changes require prior approval from HRSA and must be submitted by the health center as a formal change in scope request.

STAFF RECOMMENDATION

Therefore, it is requested that the Board of Commissioners of the North Broward Hospital District authorize the President/CEO to approve the HCH Program’s submission to HRSA for a Change in Scope request to add the Lauderdale Lakes Health Center, Margate Health Center, and Clinica de las Americas to the HCH Program’s approved scope of project.

SUBJECT: Authorize the President/CEO to approve and enter into a contractual agreement for Psychiatry On-Call services at Broward Health North at the 86th percentile of Fair Market Value.

BACKGROUND

Broward Health North is requesting approval for a Psychiatry On-Call agreement. Broward Health has documented and objectively determined there is a legitimate business purpose for the services of qualified physicians to provide services in the specialty of Psychiatry. As a 24/7 acute care hospital, it is essential to have the availability of Psychiatrists. With nearly one in five Americans (approximately 10 million people) suffering from a mental illness, emergency departments (EDs) are facing an unprecedented challenge. Florida ranks last in the U.S. per capita for mental health support indicating that residents of Florida have the least level of access to insurance and mental health treatment. Our emergency department sees a wide range of mental and behavior issues requiring the need for a psychiatric evaluation. Law enforcement officers can transport an individual to a facility for evaluation if there is reason to believe that the individual’s behavior meets statutory guidelines for involuntary examination under the Baker Act. A Baker Act is a means of providing individuals with emergency services and temporary detention for mental health evaluation and treatment when required, either on a voluntary or an involuntary basis. BHN’s Emergency Department also sees an influx of people coming in with physical problems and upon assessment it becomes clear that the real issue is an underlying mental health issue. To address the lack of access for behavior health, Broward Health has completed an RFP for telehealth services. American Well was selected as the vendor. Behavioral Health is one of their platforms which can be leveraged to provide an additional access point for patients with mental health needs. This will be an adjunct to our emergency on call services not a replacement.

Psychiatry is the medical specialty devoted to the diagnosis, prevention, and treatment of mental disorders. These include various maladaptations related to mood, behavior, cognition, and perceptions. The practice of psychiatry is generally an office based practice where the psychiatrist evaluates and treats mental health issues. The psychiatrist in an acute care setting is consulted to disentangle the complex relationship between biological, psychological, and social factors in both somatic and mental disorders. Psychiatrists occupy a unique niche among the medical specialties, in that they are the integrator par excellence of the biological and psychosocial in both diagnosis and treatment. At the present time, BHN has two psychiatrists taking emergency on-call.
A fair market value (FMV) and commercial reasonableness (CR) assessment of the proposed arrangement for Psychiatry On-Call services was conducted by an independent third party. The assessment determined that this request, at the 86th percentile of the regional benchmark data, is within FMV for similar services being provided across the region and is commercially reasonable. The physicians agreed to the recommended rates at the 86th percentile.

**ACTION/PROJECT DESCRIPTION**

Authorize the President/CEO to approve and enter into a contractual agreement for Psychiatry On-Call services at Broward Health North at the 86th percentile of Fair Market Value.

**FINANCIAL/BUDGETARY IMPACT**

Annual compensation is within the fair market value and is commercially reasonable as documented by PYA, PC.

**JUSTIFICATION**

To continue to provide Psychiatry On-Call services at Broward Health North.

**STAFF RECOMMENDATION**

Therefore, it is requested that the Board of Commissioners of the North Broward Hospital District authorize the President/CEO to approve and enter into a contractual agreement for Psychiatry On-Call services at the 86th percentile of Fair Market Value.

BACKGROUND

The agreement entails the replacement of all monitoring systems in all areas of the hospital that have the BSM 2000, 4000, 5000 Bedside Monitors, 9000 Central Stations, Networking each hospital and connectivity to the Electronic Medical Record (EMR). These Physiological Monitoring Systems will have the latest capabilities to monitor all patient’s vitals and many other parameters in a single unit. The clinical information from the Bedside Monitor is relayed to the Central Station for alarm management and full disclosure (history). Nihon Kohden (NK) is the approved vendor for adult, pediatrics and neonatal physiological monitoring across all BH facilities. The infrastructure is in place to allow this project to seamlessly replace the network with the existing newer generation of NK physiological monitoring currently in place with minimum downtime or patient disruption. This equipment will have a five (5) year all inclusive warranty, the vendor will provide backup equipment and Biomedical training for minimal downtime. We have approximately 4,000 physiological monitoring/systems and licenses throughout all of BH facilities. It will also update the needed network and provide full connectivity to the electronic medical record (EMR). BACKGROUND

Broward Health Medical Center (BHMC) and Broward Health Imperial Point (BHIP) are requesting approval to enter into a contractual agreement for Neurology/Stroke On-Call service. Broward Health has documented and objectively determined there is a legitimate business purpose for the services of qualified physicians to provide services in the specialties of Neurology/Stroke.

BHIP operates a Primary Stroke Center certified by The Joint Commission and BHMC operates an attested Comprehensive Stroke Center certified by the Agency for Healthcare Administration and is recognized as a certified Primary Stroke Center by The Joint Commission, as such, both BHIP and BHMC are required to provide Neurology and Stroke coverage 24 hours per day, 365 days per year in order to maintain their accreditation. Neurology is a specialty related to branch of the nervous systems, both normal and in disease.

BHIP and BHMC each only have 3 physicians on their call coverage panels—which 2 of the 3 physicians on each panel are the same physicians—both facilities may, at times, require concurrent call coverage to maintain their neurology and stroke coverage. Originally, a lower rate was offered and each physician declined. After several contacts with the individual physicians, both agreed to take a rate that is at or below the 75th percentile rate at BHMC, a level 1 trauma center.

STAFF RECOMMENDATION

Therefore, it is requested that the Board of Commissioners of the North Broward Hospital District authorize the President/CEO to enter into a contractual agreement for Neurology/Stroke On-Call services at or below the 75th percentile for Broward Health Medical Center and the concurrent rate with Broward Health Imperial Point.

b. The MSO shall publicize the opportunity to participate in the Call Coverage Panel by posting the information in the MSO, on Broward Health intranet and internet sites, and in places frequented by physicians in the Broward Health facilities. The posting shall include information about the application process for participating in Call Coverage Panels.

c. The MSO shall timely review each application received by a physician to participate in the Call Coverage Panel and shall determine whether each such physician applicant meets the qualification requirements set forth in Section B.3.a above, such that the physician is a Qualified Community Physician.

d. The MSO shall provide the results of its review to the Call Coverage Management Team. If the Call Coverage Management Team determines a physician is not qualified, it will specify the reasons for the denial in a written response to the physician applicant. Such denials may be appealed in writing by the physician applicant to the CMO and the Chief Compliance Officer of Broward Health.

e. The MSO shall provide the contact information to the Call Coverage Management Team for each physician applicant it determines is a Qualified Physician. The Regional CEO and Regional RMO shall maintain a list of all such Qualified Physicians (“QCP List”).

f. Before providing Call Coverage services, Broward Health shall enter into a written call coverage agreement for all non-employed Qualified Physicians (“Call Coverage Agreement”) pursuant to Broward Health contracting policies and procedures, including its Physician Financial Arrangement Policy, Policy No. GA-004-441.

C. Call Coverage and Emergency Consultation Compensation:

1. Employed Physicians:
   a. Employed physicians are required to provide Call Coverage and Emergency Consultations per the terms of their employment agreements. Accordingly, they do not receive separate stipends for Call Coverage or Emergency Consultations.
   b. Broward Health, and not the employed physician, may bill for the professional services provided by employed physicians during their Call Coverage periods or during an Emergency Consultation.

2. Qualified non-employed Physicians:
   a. Call Coverage:
      i. Qualified non-employed Physicians may receive a stipend for Call Coverage, based upon
the FMV & Commercial Reasonableness Report and their Call Coverage Agreement with Broward Health. Each Qualified Community Physician shall enter into a Call Coverage Agreement with Broward Health and follow the Broward Health policies and procedures related to physician arrangements prior to providing Call Coverage services.

ii. Qualified non-employed Physicians may bill for the professional services provided to patients during their Call Coverage shifts.

b. Emergency Consultations:

i. Physicians do not receive a stipend for Emergency Consultations. However, Qualified non-employed Physicians may bill for the professional services provided to patients during an Emergency Consultation.

D. Response Times:

1. Call Coverage:

   a. Emergency Department: Physicians who provide Call Coverage for the Emergency Department shall respond to requests from Broward Health personnel in thirty (30) minutes or less, unless a shorter time frame is specified in the physician's Employment Agreement or Call Coverage Agreement.

   b. All Other Specialties: Physicians who provide Call Coverage for all other Specialties shall respond in an appropriate and timely manner to requests from Broward Health personnel for professional services, within the time frame specified in the physician's Employment Agreement or Call Coverage Agreement.

2. In-patient Emergency Consultations: Physicians who are called for an Emergency Consultation shall respond in an appropriate and timely manner.

E. Failure to Respond:

1. Call Coverage and Emergency Consultations: If the responsible on-call physician fails to respond to a page from Broward Health personnel, Broward Health personnel will follow Broward Health Policy NUR-001-003, Chain of Command.

2. Failure to appropriately respond as provided in this policy may result in corrective action, including corrective action under Applicable Federal and State Law, the terms of the physician's Employment Agreement or Call Coverage Agreement, as applicable, Broward Health's Enforcement of Disciplinary Standards Policy, Policy No. GA-003-238 for employed physicians, and the requirements of the Medical Staff. Such corrective action may include, without limitation, termination of the physician's Call Coverage Agreement, Emergency Consultation Agreement, or Employment Agreement, or removal from the Call Coverage Panel or from the Emergency Consultation list.

F. Removal:

1. A physician may be removed from a Call Coverage Panel or from an Emergency Consultation QCP List for any reason set forth in the physician's Employment Agreement, Call Coverage Agreement, or Emergency Consultation Agreement or upon termination of such agreement, for any reason. Such determination shall be made by the Call Coverage Management Team.

2. Reinstatement of a physician to a Call Coverage Panel or to the Emergency Consultation QCP List shall occur pursuant to the conditions and processes set forth in the physician's Employment Agreement or Call Coverage Agreement.
